

CMSC204 Assignment 4

Class: CMSC204

Program: Assignment #4

Instructor: Professor Kuijt

Summary of Description:

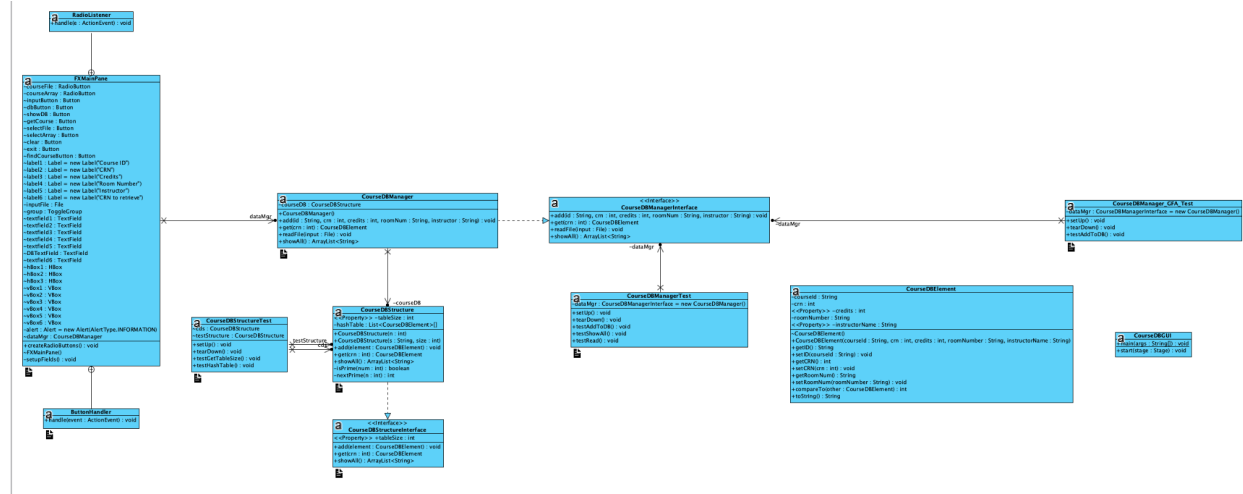

Write a program that creates a database of courses. It will either read from a file of courses or allow the user to add one course at a time.

Due Date: March 26, 2023

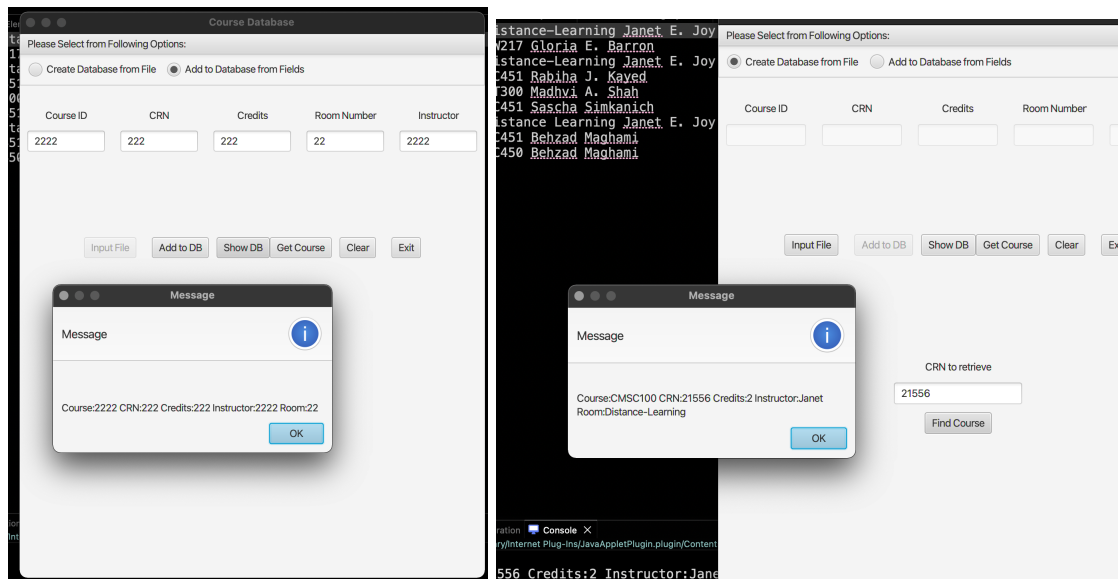

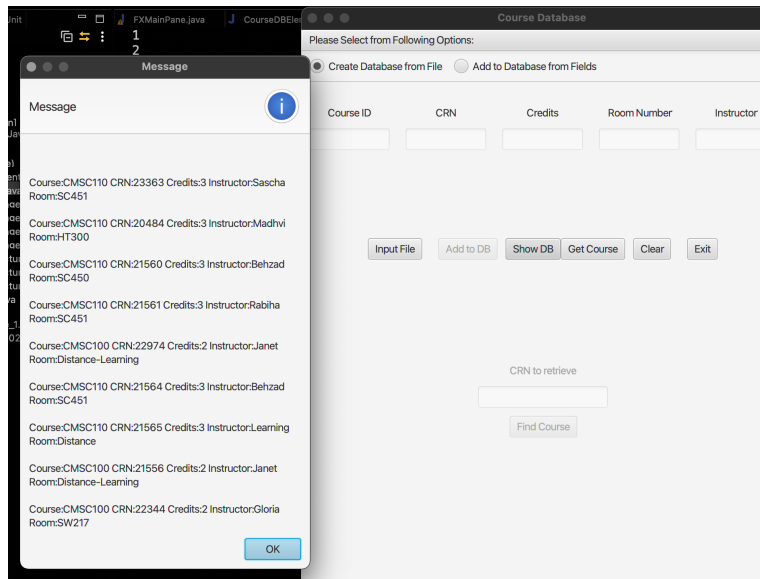

Integrity Pledge: I pledge that I have completed the programming assignment independently.

I have not copied the code from a student or any source.

Lessons Learned:

What have you learned?

I gained insight into how databases function.

What did you struggle with?

Struggled with the j units and making them work, ended up asking justin about it and he told me the junit test was messed up. But its all good :)

What would you do differently on your next project?

Nothing

What parts of this assignment were you successful with, and what parts (if any) were you not successful with?

All
